

## EVANS AND WEISEL CARRY COUNTY ANDERSON CARRIES HIS DISTRICT

### CONVENTION TO BE PROGRESSIVE

C. C. Chapman Lead John N.  
Anderson in This County by  
Twelve Votes

H. E. Smith Gains Nomination  
Over W. L. Grubb—Schu-  
macher Nominated

S. C. Evans, Progressive candidate  
for Congress, carries his home coun-  
ty, Riverside, by a majority of 3197,  
San Bernardino by about 1000, Or-  
ange by 723, and Imperial by a sub-  
stantial majority. He loses San Die-  
go by about 2600. This leaves Inyo  
and Mono counties, with small votes,  
to hear from. He probably is nomi-  
nated by majority of about 5000.

John N. Anderson, Roosevelt-John-  
son candidate for state senator, car-  
ries Riverside county by 1533, loses  
Orange county by 28, and carries Im-  
perial county by a small majority,  
not yet ascertained.

Hans V. Weisel, Progressive candi-  
date for assemblyman, wins by 163.  
In this county the Progressives  
gain control of the county convention  
by a majority of 42, the vote standing  
Progressives 122, regulars 80.

With several hundred votes  
to spare, S. C. Evans of Riverside yes-  
terday received the Republican nomi-  
nation for congress in the eleventh  
district. Orange county gave him a  
majority of 723. With about 1500  
votes in the lead, J. N. Anderson of  
Santa Ana was nominated for state  
senator in the thirty-ninth district,  
comprising Orange, Riverside and Im-  
perial counties. H. V. Weisel of Ana-  
heim was nominated assemblyman in  
the seventy-sixth precinct by a ma-  
jority of 163.

Evans, Anderson and Weisel are  
all Roosevelt-Johnson men.

Orange county gave Evans 2438 to  
1715 for Kirby. Riverside gave Evans  
3932, Kirby 785. Evans states he is  
nominated.

Orange county gave Anderson 2313  
votes, C. C. Chapman 2341, giving  
Chapman a majority in this county of  
28 votes. Riverside county gave  
Anderson 3106, Chapman 1573.

Weisel got 2386 votes in the coun-  
ty, Rutan 2223.

This afternoon the regulars con-  
ceded that the Progressives will have  
122 out of 202 delegates to the coun-  
ty convention.

In yesterday's election, Orange  
county gave majorities for two Progress-  
ive candidates, S. C. Evans for con-  
gress and H. V. Weisel for assembly-  
man from the 79th district. The Roose-  
velt-Johnson forces will control the  
Republican county convention, which  
meets in Santa Ana on Sept. 14, by a  
vote of about two to one.

In the first supervisors' district Su-  
pervisor H. E. Smith received the nomi-  
nation over W. L. Grubb by a  
vote of 705 to 552. In the third super-  
visors' district William Schumacher  
of Buena Park defeated William Good-  
win of Orange by a vote of 779 to  
621. In that district, in the only  
Democratic contest in the county,  
John Brunworth of Anaheim snowed  
under U. V. Simpson of Anaheim, in  
Santa Ana, where about 170 Demo-  
crats went to the polls, the name of  
Walter A. Greenleaf was written in  
by a large number of Democrats, giv-  
ing Greenleaf the Democratic nomina-  
tion, which puts him in the November  
race against Smith.

The vote on Grubb and Smith by  
precincts follows:

	Grubb Smith
Santa Ana No. 1	41 49
Santa Ana No. 2	72 86
Santa Ana No. 3	48 70
Santa Ana No. 4	98 125
Santa Ana No. 5	37 83
Santa Ana No. 6	78 108
Santa Ana No. 9	85 96
Santa Ana No. 10	93 83
Total	552 705

The county convention  
will be easily con-  
trolled by the Progressives. Many  
precincts that have been considered  
strongholds of the regulars sent Pro-  
gressive delegates. Villa Park, which  
gave Chapman one majority and Rutan  
two majority, elected Progressive  
delegates.

Orange gave the Roosevelt forces  
twelve delegates and the regulars  
four. Fullerton will send eight Pro-  
gressive, four regulars and the thir-  
teenth vote tied, giving half a vote to  
each faction.

Santa Ana No. 1 was carried by  
John McFadden, R. Y. Williams, J. C.  
Burke and W. F. Lutz, regulars, by a  
vote of 52 to 34. No other precinct in  
the city went solidly regular. Nos. 2,  
3, 4, 5, 6, 7, 8, and 10 sent solid Pro-  
gressive delegations. The vote on  
delegates, with some variation on  
some of the delegates, stood: No. 2  
— 31 to 63. No. 3 — 75 to 28. No. 4 —  
138 to 54. No. 5 — 100 to 65. No. 7 —  
88 to 77. No. 10 — 94 to 40.

Nos. 5 and 9 split the delegations.

(Concluded on Page Five)

## PROGRESSIVISM WINS IN STATE PRIMARIES

Sweeps Legislative Fields—Victory Di-  
vided in Congressional Arena, With  
Progressives Ahead

SAN FRANCISCO, Sept. 4.—The  
latest returns from yesterday's pri-  
maries show that four Taft and six  
Roosevelt Republicans were nomi-  
nated for Congress, with the result  
in the eighth district between E. A.  
Hayes, regular, and Judge Robert  
Clark, Progressive, undecided. Hayes  
was leading this forenoon, despite  
Clark's advantage in Santa Barbara  
and Ventura counties. The Republi-  
can and Democratic nominations fol-  
low:

First District—E. H. Hart, Progres-  
sive; I. G. Zumwalt, Democrat.  
Second District—E. M. Rutherford,  
Progressive; John Baker, Democrat.  
Third District—C. F. Curry, regular  
Republican; G. M. Ross, Democrat.  
Fourth District—Julius Kahn, regu-  
lar Republican; Bert Schlessinger,  
Democrat.  
Fifth District—J. I. Nolan, Progres-  
sive; S. V. Costello, Democrat.  
Sixth District—J. R. Knowland, regu-  
lar Republican; Hiram Luttrell, Dem-  
ocrat.  
Seventh District—J. C. Needham,  
regular Republican; D. S. Church,  
Democrat.  
Eighth District—Republican, in  
doubt; James Holohan, Democrat.  
Ninth District—Charles Bell, Progres-  
sive; R. F. Blow, Democrat.  
Tenth District—W. D. Stephens,  
Progressive; George Ringo, Democrat.  
Eleventh District—S. C. Evans, Pro-  
gressive; William Kettner, Democrat.  
Clark Leads in Ventura  
VENTURA, Sept. 4.—Returns from  
all but three precincts in the county  
show Clark (Progressive) is leading  
Hayes (regular) for the Republican  
congressional nomination in the  
Eighth district by 920.

Also in San Luis Obispo  
SAN LUIS OBISPO, Sept. 4.—  
Clark carries San Luis Obispo coun-  
ty over Hayes by 326, with seven dis-  
tant precincts lacking.

And in Santa Barbara  
SANTA BARBARA, Sept. 4.—Prac-  
tically complete returns from Santa  
Barbara county show Clark is lead-  
ing Hayes by about 700.

LEGISLATIVE FIELDS  
SAN FRANCISCO, Sept. 4.—The  
Progressives have swept the legisla-  
tive fields and an overwhelming Pro-  
gressive majority will be sent to the  
senate and assembly.

Two of the closest congressional  
districts are the Third and Eighth.

## VERMONT GIVES GLAD HAND TO BULL MOOSE

Rolled Up 16,000 Progressive  
Votes; Slaughtered Old-Time  
Republican Majority

### BRIGHT INDEX TO RESULT OF NOVEMBER ELECTIONS

Legislature Must Choose Gov-  
ernor; Democratic Candidate  
But 6000 Votes Behind

BURLINGTON, Vt., Sept. 4.—Re-  
vised figures from all but thirty-one  
towns show that Harlan Howe, Demo-  
crat, has cut down the lead of Alton  
Fletcher, Republican, to 4955. The  
Democrats claim there is a chance  
for Howe to win.

RESULT AS TOLD BY  
RETURNS SENT IN EARLY  
BURLINGTON, Vt., Sept. 4.—Prac-  
tically complete returns give A. M.  
Fletcher, Taft candidate for the gov-  
ernorship, 26,000, Harlan Howe, Dem-  
ocrat, 20,000 and Fraser Metzger, Pro-  
gressive, 16,000.

The Legislature, which under the  
statutes, will elect the governor, be-  
cause no majority can be accorded to  
anyone, is overwhelmingly regular  
Republican.

Progressives and regulars both pro-  
gressed elation over the result. The reg-  
ulars had predicted that the Progres-  
sives would not poll 10,000 votes. The  
Progressives say their unexpected  
showing of 16,000 votes will effect  
their national showing. The regulars  
declare their victory assures an early  
Taft sentiment that will sweep the  
country.

With several minor districts missing  
the Republicans elected 115 members  
of the assembly, the Democrats 34,  
and Progressives 17. The Democrats  
showed decisive gains in the guber-  
natorial ballot.

"News is Glorious," Says Beveridge  
INDIANAPOLIS, Sept. 4.—"The  
Vermont result means a Progressive  
victory in November," is the predi-  
ction of former U. S. Senator Beveridge  
today. "The news is glorious. I did not  
think such a showing was possible. If  
Vermont does this well after two  
weeks of fighting, everybody can see  
what later results will be."

### PROGRESSIVES KNOCK OUT REPUBLICAN MAJORITY— FIRST TIME IN TEN YEARS

WHITE RIVER JUNCTION, Vt.,  
Sept. 4.—The strength of the new  
Progressive party in its first lineup  
against the older parties and the dis-  
appearance of the Republican majority  
for the first time in ten years and  
the first time in the history of the  
state on a presidential year, were the  
outstanding features of the state elec-  
tion in Vermont yesterday.

It was apparent early that there  
had been no election by the people,  
although a sufficient number of Re-  
publican representatives were success-  
ful enough to seem to insure the choice  
of Alton M. Fletcher of Cavandish by  
the Legislature.

For many years political students  
have pointed out that any decrease in  
the Republican majority in Vermont  
in September below normal of 25,000  
has been followed almost invariably  
by the party defeat in the presidential  
fight in November. These majorities,  
which have averaged close to 30,000  
in all the state elections in Vermont  
in presidential years since 1892, were  
represented yesterday by a bare plu-  
rality.

The Republican loss apparently  
went in a great degree to the Progres-  
sives and to a somewhat lesser extent  
to the Democrats.

HILLES SAYS T. R.'S DEFEAT IS  
FORECAST BY VT. RESULT  
NEW YORK, Sept. 4.—Charles D.  
Hilles, chairman of the Republican  
National Committee, issued a state-  
ment today, declaring that the Ver-  
mont result shows the weakness of  
Roosevelt nationally, and means that  
the Colonel will not get a single elec-  
toral vote. He declared that the Re-  
publicans desiring to defeat Wilson  
must vote for Taft.

Gov. Wilson Gratified  
SEA GIRT, N. J., Sept. 4.—Discus-  
sing the election returns today, Gov.  
Wilson smiled and said:

"The returns are very gratifying.  
When the Democrats merely hold  
their own in Vermont it is encourag-  
ing. When they gain twenty-five to  
thirty-five per cent it means busi-  
ness."

Bryan Predicts Democratic Victory  
LINCOLN, Neb., Sept. 4.—W. J.  
Bryan predicts a Democratic victory  
in November as a result of the Ver-  
mont elections. He said:

"They indicate a heavy increase in  
Democratic sentiment and division  
in the Republican ranks. The out-  
look is encouraging."

Roosevelt Pleased  
AUTUMWA, Ia., Sept. 4.—Colonel  
Roosevelt received the Vermont re-  
turns here. He said: "I am relieved  
and pleased." He expressed satisfac-  
tion as long as the Republicans did  
not get a majority.

## ELECTIVES ARE GIVEN IN NEW COURSE

High School Plans of Study For  
New Year Allows Student  
Choice of Studies

### STUDENTS FAILING GIVEN OPPORTUNITY

Pupil Showing Up Poorly in  
Work to be Given Good Deal  
of Special Attention

The Register is printing a booklet  
for the Santa Ana High School, con-  
taining the new course of study, cal-  
endar, list of teachers for the com-  
ing year, and list of text-books with  
the prices dealers should charge for  
them.

In the course of study an effort has  
been made to so group the studies  
that the student who is preparing  
for college may know what branches  
he should take from year to year.  
This has been accomplished by the  
printing of two college preparatory  
courses. Another course is offered  
which prepares for admission to the  
Los Angeles State Normal.

But the new feature of the whole  
thing is the general course composed  
almost entirely of electives. In this  
course the student may take prac-  
tically anything he wants. No effort  
has been made on the part of the  
school to force all students into the  
same groove. The only requirements  
in this course are four years of Eng-  
lish and one year of American His-  
tory and government. In order to  
prevent the scattering of the student's  
energies over the whole curriculum,  
taking one year of Latin, another of  
German, another of French, etc., cer-  
tain line of work must continue it  
for at least two years in order to ob-  
tain credit, if that much is offered  
by the school; a student must have  
done at least three years of work in  
each of two other departments be-  
sides English. This is in keeping  
with the polytechnic idea; that the  
student must be permitted to take  
that part of the high school studies  
which he and his parents feel will be  
most beneficial to him in later life.

Superintendent Cranston and Prin-  
cipal McMath have inaugurated a  
system whereby no student will be  
permitted to fail in any subject with-  
out having been notified in advance,  
a consultation with his teachers ar-  
ranged for, a weekly report on  
his work some time before final  
failure, and finally a consultation  
with the parents in the endeavor to  
secure closer co-operation between  
the home and the school.

The new librarian, Miss Catland,  
began her work arranging the high  
school library Monday. Miss Catland  
has had considerable experience in  
the city library and should be able  
to make the school library of much  
greater service to the students than  
it has ever before been.

### OHIO IS STRICKLY PROGRESSIVE NOW

Adopts Radical Amendments  
To Constitution—Woman  
Suffrage Defeated

COLUMBUS, O., Sept. 4.—Arthur  
L. Garford, probably the choice of to-  
day's Progressive convention for gov-  
ernor, declared that the carrying of  
the Progressive constitutional amend-  
ments here yesterday means a sweep-  
ing state and national victory in No-  
vember for the Progressives.

OHIO IS PROGRESSIVE STATE  
—RADICAL AMENDMENTS  
COLUMBUS, O., Sept. 4.—Adopted  
first on the Pacific coast and urged  
later by Progressives, including Col-  
onel Theodore Roosevelt, the initiative  
and referendum has been adopted by  
the state of Ohio, according to re-  
turns which are practically conclu-  
sive and show that Ohio is a Progres-  
sive state on practically every ques-  
tion except women suffrage.

Most Radical in Country  
Ohio's constitution will be one of  
the most radical in the United States.  
The amendments, carrying by two  
or three to one, adopted include the  
initiative and referendum, home rule  
for cities, license system for saloons,  
the taxation of incomes and inheri-  
tances, abolishment of capital punish-  
ment, minimum wage, eight-hour day  
on public works and thirty-five oth-  
ers.

Woman suffrage was fought bitterly  
by the liquor interests, which are  
well entrenched politically in Ohio.

Night school opening this week  
(Orange County Business College)

## Taftites Plan To Defeat Will Of the People

SAN FRANCISCO, Sept. 4.—  
The Taft supporters among the  
legislative candidates nominated  
yesterday will hold a separate  
convention in Sacramento on  
September 24, and name presi-  
dential electors, opposing those  
chosen by the Progressives, ac-  
cording to a well founded report  
here. The purpose of the move  
is to raise a legal question and  
thus prevent the Progressives  
from claiming the Republican  
electoral vote for Roosevelt.

### Bulletins of News

Hot from the wire up to 3:30 p. m.

Bryan's Ex-Son-in-Law  
Ventures Into Matrimony Again

COLUMBUS, Ohio, Sept. 4.—W. H.  
Leavitt, the divorced husband of  
Ruth Bryan, daughter of William  
Jennings Bryan, was married at Port  
Recovery yesterday to Miss Gertrude  
H. Leeper. The plans were kept a  
secret. The bride is a graduate of  
Oberlin College and has been in-  
structed in music in the College of  
Houston, Texas. The couple will re-  
side at Newport.

### Last Boat for Nome and Arctic Points Sailed Yesterday

SEATTLE, Sept. 4.—The steam-  
boat Leelanaw sailed for Nome and  
Arctic points yesterday and will be  
the last vessel to enter the Arctic  
Ocean this year. The Arctic settle-  
ments of Golovin, Teller, Deering,  
Keewalik and Kotzebue will receive  
their last winter supply, and their  
Christmas presents on the Leelanaw.

### 7356 Postal Banks With \$23,000,000 Deposits

WASHINGTON, Sept. 4.—The num-  
ber of banks that have qualified as  
postal depositories now number 7356,  
with \$22,007,733 of bonds deposited  
as security for nearly \$23,000,000 of  
deposits.

### British Farmers Lost \$36,000,000 by August Rains

LONDON, Sept. 4.—The estimated  
loss to British farmers by damage to  
crops and live stock in consequence  
of the abnormal rainfall during Aug-  
ust reached \$36,000,000.

### San Diego Makes Big Gain in Postal Receipts

SAN DIEGO, Sept. 4.—San Diego's  
postoffice shows a net gain of nearly  
33 per cent in August over the same  
month of last year, in a report by  
Postmaster Bartholomew. The gain  
is \$4588.26.

### American Mining Congress, Spokane, Nov. 25

DENVER, Sept. 4.—Official call for  
the meeting of the American Mining  
Congress to be held at Spokane No-  
vember 25-28 has been signed by Na-  
tional Secretary J. F. Gailbreath of  
this city.

### Police Asked to Look For Two Missing Girls

SAN FRANCISCO, Sept. 4.—Police  
throughout the state are asked to  
search for Gladys Barkley, aged 15,  
and Alva Steinberger, aged 16, who dis-  
appeared Saturday. White slavers are  
feared as concerned in the matter.

### England Wins Trophy in International Motor Boat Race

HUNTINGTON, Long Island, Sept.  
4.—Great Britain won the Harms-  
worth trophy, taking the third inter-  
national motor boat race. The Maple  
Leaf IV, British, defeated the Ameri-  
can defender, Baby Reliance.

### Fatal Explosion of Dye Works in Chicago

CHICAGO, Sept. 4.—One man was  
killed, three fatally hurt and a score  
were seriously injured in an explosion  
wrecking the Kraus Brothers Dye  
Works. The rescuers fear others are  
imprisoned in the debris.

### Taft Is Reticent

WASHINGTON, Sept. 4.—President  
Taft is confined to his bed by a lame  
ankle, sprained on the golf links at  
Beverly. He broke all engagements to-  
day and received but few callers. He  
refused to comment on the Vermont  
election.

## REPUBLICANS MAY LOSE BALLOT PLACE UP IN MINNESOTA

### Damage From Fire

The fire loss included Fraser pier  
and auditorium and about 100 business  
establishments, hotels and apartment  
houses. Five thousand people were  
made homeless. All of whom were taken  
care of. The citizens of Ocean Park  
have announced their intention  
of rebuilding the burned district  
"bigger and better" than ever. A meet-  
ing is scheduled for tonight where the  
Chamber of Commerce and those  
whose property was destroyed in the  
fire, will discuss plans to rehabilitate  
the city.

## Six Reasons Why You Should Do Business With This Bank

1. Depositing your money in bank makes it absolutely safe from loss by robbers, fire or accident.
2. With a bank account you can pay your bills by check. The canceled check is a legal receipt for payment. You cannot be made to pay the bill twice.
3. A check book makes all your money available at any moment, and you are never bothered about making change.
4. The bank keeps your books. Every deposit and the amount of the checks you draw are carefully entered in your pass book by expert bookkeepers, so that you know where you stand at the end of the month.
5. Nearly every man needs to borrow money at some time. If you are well known at the bank, through your bank account, it is easy to get accommodation.
6. Every check you write is an advertisement of your good business habits and solid worth, which has the effect of raising you in the general esteem of your neighbors.

Any one of the above reasons is of itself sufficient to influence you to open a bank account. It will only take a short acquaintance with this bank, and the facilities it offers, to convince you that six reasons are only a few of many more why you should make it your financial home. Now is the time to begin the practice of these most approved business methods, and to make this bank what we want it to be--

## FAMOUS AVIATORS COME FROM FRANCE

Vedrine is One of Stars Who Will Fly For Gordon-Bennett Cup Against Glenn Martin

NEW YORK, Sept. 4.—Among the arrivals on the steamship Lorraine yesterday morning were Aviators Jules Vedrine, Maurice Provost and André Frey, who will represent the Aero Club of France in the Gordon-Bennett international cup race to be flown in Chicago next Monday.

Vedrine, who holds the world's record for speed, has flown 106 miles an hour. He brought along a Dieperdussin monoplane of 140 horsepower. Provost will drive a machine of the same make of 100 horsepower and Frey will pilot a Hanriot monoplane of 100 horsepower.

In discussing speed Vedrine said at the present time he believes 125 miles to be the limit of safety.

The American contestants will be Paul Peck, Floyd Thompson and Glenn L. Martin. The other countries, Holland, Belgium, Italy and England, have not yet named their contestants.

**Many Driven From Home**  
—Every year, in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. King's New Discovery and cure yourself at home. Stay right there, with your friends, and take this safe medicine. Throat and lung troubles find quick relief and health returns. Its help in coughs, colds, grip, or up, whooping-cough and sore lungs make it a positive blessing. 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

### TO SCALE MT. MCKINLEY

Expedition to Climb Peak in 1913  
Organized by Editor of a Washington Paper

SEATTLE, Wash., Sept. 4.—An expedition to climb Mount McKinley next spring has been organized by C. E. Rusk, editor of the Prospector, Wash. Independent, reputed to be the most skillful mountain climber in the Pacific Northwest, and Merl Lavoy, a member of the unsuccessful Herschel-Parker expedition of 1910 and 1912.

Rusk, who is a member of the Portland Mazamas, led an unsuccessful expedition to the mountain in 1910. Herschel, Parker and Belmore Brown have announced that they will not try again. Miss Dora Keen of Philadelphia, who climbed Mount Blackburn last summer, is considering an expedition to Mount McKinley.

**SAN JUAN HOT SPRINGS**

## PROGRESSIVES TO HAVE FULL TICKET

New York State Convention Will Be Most Unusual Since the Civil War

SYRACUSE, N. Y., Sept. 4.—The scene was set for the Progressive state convention which gathered to nominate a complete state ticket and presidential electors today.

William H. Hotchkiss, who was Governor Hughes' superintendent of insurance, was both temporary and permanent chairman of the convention.

There was every promise that this convention was to be one of the most unusual political conventions since Civil War days.

Even beforehand the atmosphere partook of the old-fashioned revival camp meeting. Singing in the convention from a song book already replete with the militant songs which were an extraordinary feature of the national convention at Chicago, was marked as a feature of this convention.

Four candidates are up for governor. They are Comptroller William F. Fendegast of Brooklyn, Bainbridge Colby of New York, William H. Hotchkiss of New York and Virgil K. Kellogg of Watertown.

## ANGEL CITY GROWTH IS ASTOUNDING

'Frisco Manufacturer Sees a Wonderful Future For Los Angeles When Canal Opens

"Los Angeles is one of the truly great cities of the world and considering its youth is perhaps the greatest. Its growth in the last fifteen years in surface expansion, realty values and commercial stability has astounded even the most conservative judges of civic growth in the East."

This is the opinion of Frank Towle, vice president of the Towle Maple Products Company of San Francisco, who is at the Hotel Alexandria, says the Los Angeles Examiner.

Mr. Towle is here in the interests of his firm and his opinion of Los Angeles is based on close business association with local interests for the past ten years.

"One of the chief reasons for the wonderful progress of the city," he declared, "is its financial stability and its fame in the East among trade houses. Through the eternal boost spirit of its civic bodies and its individual citizens this city has advertised itself in the East and is considered the great distributing point and the commercial base of California."

"In advertising Los Angeles holds rank as one of the greatest in the country. Advertising here is an advanced business and its reputation for both civic and trade display is one of absolute honesty. Los Angeles merchants have a greater appreciation of what advertising means than those of the other cities."

Mr. Towle declared that Los Angeles will benefit by the opening of the Panama canal to a greater extent than any other city on the Pacific coast, because of its great commercial activity and business ambition. Already, he says, it is recognized as the commercial center of the West and for enormous finances, and following the opening of the canal it will increase its business many fold. The Oriental trade and the resultant business interests that will spring from it, he considers as one of the chief causes for future greatness.

"Owing to its solid foundation I can see nothing but great progress for the city," he said. "It can never retrograde. Hundreds of financially equipped men are coming to Los Angeles to set up a business and every day sees new advances in all lines. Everything points to the city's future position as the largest and most active on the coast."

### OIL FOUND ON SURFACE

Experts Investigate Sudden Coming to Surface of Oil Near Ganesha Park, Pomona

POMONA, Sept. 4.—The sudden appearance of oil in places along San Jose Creek, near Ganesha Park, is causing speculation among oil experts, and investigations are being made to ascertain if a new field has been found.

The oil was oozing through the sand several days ago, and N. J. Burrud, a property owner, had tests made which showed that the crude product tested 50 degrees proof. Since that time oil has appeared on the surface in several other spots, and it is believed that a large quantity of the fluid is located near the upper stratum. If the oil, that has seeped through the ground is from a drain or pocket it will be disclosed by drilling.

**The Men Who Succeed**  
as heads of large enterprises are men of great energy. Success, today, demands health. To all is to fail. It's utter folly for a man to endure a weak, run-down, half alive condition when Electric Bitters will put him right on his feet in short order. "Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Sylvania, Ga. "After years of suffering with rheumatism, liver trouble, stomach disorders and deranged kidneys, I am again, thanks to Electric Bitters, sound and well." Try them. Only 50 cents at all druggists.

A foreign idea is to have the place card at table held in the beak of a small wooden bird or the mouth of a small animal, that is balanced on the edge of the tumbler. These cunning little imported birds have the gayest of plumage.

# ARROWHEAD

## Hot Springs?

IT IS A PERFECTLY DELIGHTFUL PLACE TO SPEND A VACATION OR WEEK END NOW UNDER NEW MANAGEMENT

## An Ideal Mountain Resort

No spot in all Southern California offers so much in the way of clean, healthful, invigorating pleasure as does Arrowhead Hot Springs at the foot of the famous Arrowhead Mountain. Thousands of tourists from all over the world have visited Arrowhead and are advertising its climatic, scenic and other advantages wherever they go.

You can spend a week and or an entire vacation here and enjoy every moment of the time. The roads are good with an easy grade and the hotel has its own free fireproof automobile garage for the use of guests. There are many beautiful hill trails and canyon walks. The hottest natural mineral springs in the world are here; also the famous natural steam caves, mud baths, large outdoor plunge, etc.

The hotel has its own supply of fresh eggs, milk, pork, veal, vegetables, fruits and berries insuring a table service par excellence—which is under the direction of a chef trained under the famous Harvey system. Music, billiards and pool. Dancing Wednesday and Saturday nights. Special attention and accommodations for the care of rheumatic and asthmatic patrons.

TERMS—\$3.00 and upwards per day. MR. C. C. OSWALD, also formerly in the Harvey service, is in charge. For reservations, etc., address:

**ARROWHEAD HOT SPRINGS CO., Arrowhead, San Bernardino County, Cal.**

### CHICAGO'S RAPID GROWTH

Adds 62,216 People to List Within Year—Population Now Reaches 2,326,400

CHICAGO, Sept. 4.—Chicago's population is 2,326,400, according to figures made public recently by the Chicago Directory Company. This is an increase over last year of 62,216. In other words, in one year Chicago has added to its population a city the size of Akron, Ohio; Jacksonville, Fla.; Oklahoma City or Portland, Me.

"There are more names in the Chicago directory for 1912-13 than in any city in the world, not barring Paris, London or New York City," said E. J. Dillon, chief statistician of the Chicago Directory Company. "The New York city directory proper only takes in the Bronx and Manhattan. The London directory lists 100,000 names less than we do."

Dr. H. E. W. Barnes has removed his office to 114½ East Fourth street in the Geo. A. Edgar building. Sunset Phone, Main 1143. Home 661.

## PACIFIC ELECTRIC RAILWAY

## LIVE NEWS GATHERED FROM NEARBY TOWNS

## ANAHEIM

IS INCREASING  
BEET SUPPLY

Southern Pacific Puts on Special For the Anaheim Factory

ANAHEIM, Sept. 4.—Beet deliveries from the field have materially picked up during the present week. The change is very agreeable at the factories, drawing on Anaheim territory and which during the first ten days of the harvest were obliged to go slowly. Now they are going full tilt, with the outlook favorable for continuing with plentiful supplies until the end of the season. The Southern Pacific has put on a beet special, which is to run between Anaheim and Los Angeles until the close of the beet season, and will pick up beets in this territory. These beets will go to either Anaheim, Los Alamitos, Oxnard or Chino.

At the Anaheim factory it is being found that beets will make decidedly better sugar content average than last year. The average is now well above 19 per cent, with some beets that have made as high as 28 per cent. The product grown on the A. J. Snodgrass ranch was just below 27 per cent. This higher sugar content tendency is not unexpected, but will make up for smaller beets and shorter tonnage, although in the latter respect not a few growers maintain that their tonnage will exceed that of last year.

**TO THE STOCKHOLDERS OF THE AUTOMATIC BILLING COMPANY**  
—The undersigned, pursuant to a warrant dated August 27th, 1912, and issued pursuant to the provisions of Section 311 of the California Civil Code, by the Honorable J. B. Cox, a Justice of the Peace in and for the County of Orange, State of California, hereby gives notice of a meeting of stockholders of the Automatic Billing Company to be held at the Hotel Rossmore, Room 33, in the City of Santa Ana, County of Orange, State of California, on the 11th day of September, 1912, at one o'clock in the afternoon; said meeting to be held for the purpose of electing a Board of Directors of said company.

## NEWPORT BEACH

NINETY CENTS  
IS TAX RATE

Newport Beach City Will Raise \$16,500 For Use the Coming Year

NEWPORT BEACH, Sept. 4.—The Board of Trustees last night fixed the tax rate for the ensuing year at 90 cents, which will give the city about \$16,500 for running expenses for the next twelve months.

The Trustees tonight will take formal steps to either force the local electric light company to connect the City Hall with lights or revoke the franchise. The trouble arose over the refusal of the company to connect the City Hall unless the city signed up a year's contract. In view of the light and power bond election next week the trustees refused to do this and the matter was referred to the Railroad Commission with a result that the city was sustained in its contention that the light company must make the connection and furnish electricity on demand of the city.

The Orange County Bankers' Association met Monday night in the South Coast Yacht Club pavilion at East Newport. Addresses were made by leading bankers of the county, followed by refreshments.

J. W. Walls has purchased the interest of his partner, U. W. Hall, in the Orange County Wine Company, and is now sole proprietor. Mr. Hall leaves this week for Klamath Lake for the benefit of his health.

YOUR GRAY HAIRS  
QUICKLY VANISH

A Harmless Remedy, Made From Garden Sage, Restores Color to Gray Hair

A feeling of sadness accompanies the discovery of the first gray hair, which unfortunately are looked upon as heralds of advancing age. Gray hair, however handsome it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to undertake and accomplish things. So why suffer the handicap of looking old on account of gray hairs, when a simple remedy will give your hair youthful color and beauty in a few days' time?

Most people know that common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and luxuriant. In Weyth's Sage and Sulphur Hair Remedy we have an ideal preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color, and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair.

Get a fifty cent bottle from your druggist today, and notice the difference in your hair after a few days' treatment. All druggists sell it under guarantee that the money will be refunded if the remedy is not exactly as represented.

## FULLERTON

WAIT ACTION  
FOR THE SALE

When Bonds Disposed of Fullerton Ready to go on With Its Plans

FULLERTON, Sept. 4.—As soon as the city can sell its bonds it will begin work on its municipal water system which will cost \$80,000. It is said no offer will be made for the present system, which is owned by outside capitalists, who value their plant at about \$50,000.

Some months ago bonds were voted to build good roads in Fullerton, but the city at that time was unable to sell the bonds on account of an alleged mistake made in the issue. Some of the residents claimed that the city could have sold the good roads bonds had it purchased the water works from private owners. Those interested in the present water system said the sale of the bonds had nothing to do with the sale of the water works to the city. The city does not believe it will have any trouble in disposing of its present bond issues for both the road work and water system.

E. M. Campbell of Los Angeles purchased the road bonds, voted at the first election, but later declined to take the issue on the grounds that the call for the election had been signed by the acting mayor instead of the mayor, who was in the east at the time.

City Attorney Marks received a letter this week from Mr. Campbell, in which he said: "It is assumed by the writer that there is no reasonable prospect of getting the city to buy the water company plant at this time. We shall be on hand when the bonds are offered again. If the city could have seen its way clear to buying the water plant we could have made good on the purchase of the road bonds, even in the face of their disapproval by council employed."

The school trustees have sold the old high school site, consisting of four acres, to the city of Fullerton for \$25,000. The property will be used for park purposes.

Mrs. George Pickrel died at her home here Sunday. The body was sent to Pasadena for burial. On receipt of a telegram from New Mexico signed Abe Pritchard a ticket and money was telegraphed to Loving, a small station, but up to today no reply has been received from either Pritchard or the station agent.

Word has been received here of the death of Mrs. Anne F. Stevens at her home in Los Angeles. She was formerly a well-known resident of Fullerton.

PANAMA CANAL IS  
RETARDED BY TWO  
MORE EARTH SLIDES

COLON, Sept. 4.—Two more great earth slides have added to the danger of work at the Culebra cut of the Panama canal, and one of them is giving the commission engineers serious trouble. The slides were six days apart, and combined they swept 1,200,000 cubic yards of earth and debris down.

The first slide was not of importance, and the second was near the deepest part of the cut. In the second 900,000 yards of earth were carried to the bottom of the canal, partly buried one steam shovel and endangered the lives of a number of workmen.

The two slides, through damage to the diversion or drainage canals, have flooded sections of the big ditch and several days more of pumping will be needed to get the water out. The slides have made another development which is causing much distress among canal workmen. The two-story Y. M. C. A. home, erected on Culebra Heights, is sliding toward the canal, and the commission has ordered its use discontinued. Already the structure is eighteen inches nearer the canal than when it was built, and there seems no way of stopping it.

## Beautiful Huntington Beach

A Justly Popular Beach Resort---A Charming Spot for a summer or winter home---A thriving agricultural center

HUNTINGTON BEACH is a combination of almost everything desirable for the home-seeker, sojourner, investor and those on pleasure bent. Its climate is perfect at all seasons of the year; its social and moral conditions are unexcelled; its beauty of location, with superb mountain and marine views, is the delight of all who behold. Besides being a popular beach resort, with fine surf bathing and fishing, modern pleasure pavilion, pier and bathhouse, a superb beach and slightly ocean front bluffs, Huntington Beach is a commercial and industrial center. It has a "back-country" of thousands of acres of the richest and most beautiful agricultural lands—peatlands for celery, sugar beet lands, bean lands and lands suitable for all kinds of crops. On the outskirts of the city are located a great sugar factory, tile factory, barley-crushing and bean-cleaning plants. The city has over 1500 inhabitants and is growing rapidly. Splendid schools and churches are there, broad paved streets, fine business blocks, beautiful homes. Railroad facilities include the Southern Pacific steam road and the Pacific Electric trolley lines, one running in from Santa Ana, the county seat of Orange county, and the other from Los Angeles, extending on to Balboa. Arrangements have been made by which Huntington Beach will in future have a 45 minute car service to Los Angeles the year round with three flyers daily to Zafaria, the junction for Long Beach. Huntington Beach has been chosen year after year as the place of meeting for the Southern California Veterans' Association, Aug. 13-23; Socialists encampment July 1-7; Methodist camp meeting July 21-August 4.

One of the most popular attractions of Huntington Beach is its "Tent City," located only three blocks from the ocean, convenient to car lines. The grounds are attractively laid out and planted with trees and shrubbery.

Huntington Beach homes are surrounded by beautiful lawns and gardens, the rich character of the soil and the abundant supply of pure water making it easy to grow anything.

For Sale—40 acres good rich sandy-sediment loam, all under cultivation. Four room California house, 7-inch artesian well, 8 h. p. pumping plant and plenty of shade trees. Price \$250 per acre. Half cash, balance easy at 7 per cent.

Those wishing to make sure and safe investments in the famous peatlands locality make no mistake in letting us show what we have to offer. We are willing to put our time against yours—let us give you an auto ride through our rich country. Make an appointment by phone. Both phones 33.

S. P. MAY BUILD A  
SAN DIEGO LINE

Expected Improvement Will  
Extend Into the Imperial  
Valley

Los Angeles Tribune: Plans for the double-tracking of the Southern Pacific lines into California, a complete rehabilitation of hundreds of miles of roadbed and other improvements on the Ogden and Sunset routes, involving a total expenditure of practically \$100,000,000, were announced yesterday in San Francisco by Judge Robert S. Lovett, chairman of the board of directors of the company, who has been in the state for the last week on an inspection trip.

According to the announcement made by the railroad official, the northern road into the Ogden gateway will be taken care of first. This work, by an elimination of many mountain grades by means of tunnels, will place the company in a position to meet Panama canal competition.

San Diego Line Planned  
Eventually it is planned to have a double-track connection between Los Angeles and New Orleans by the Sunset route. This will probably be followed by the construction of a line into the Imperial valley by way of

San Diego.

It is estimated by company engineers that the improvements will not be completed for six or seven years, as the work planned will be a monumental undertaking.

Though he plans immense track improvements, Judge Lovett intimated that the two lines of the Southern Pacific and the Salt Lake would not build new depots in Los Angeles at present.

Indicates Delay in Station  
"When we see that the extra expenditure for stations will be justified by the traffic and population, the improvements will be made," he said. "We could spend another \$100,000,000 for stations but at the present time we must restrict our energies to providing safety for the travelling public."

This statement is taken by Los Angeles railroad men as meaning that the new station will not be built until after the Panama-Pacific and Panama-California expositions of 1915.

Fall term begins Sept. 2nd at Orange County Business College.

## BETTING ON ELECTIONS

The practice of betting on elections calls for official investigation. Time was when a wager of this kind was a matter of private arrangement between two or more individuals, but of late years discretion seems to have been discarded; bets are publicly posted in brokers' offices, saloons and cigar stores, and books are made of offering odds on the different candidates exactly as in a horse race. Printed slips, showing terms which the "bookies" offer to the public, are circulated freely and with but thinly veiled attempts at secrecy.

Of all forms of gambling this perhaps is the most pernicious, since its tendency is to prostitute the institution of the ballot itself. An election on which there has been a considerable amount of betting cannot be a free expression of the public will, for the reasons that the persons who have wagered large sums on the outcome may resort to unscrupulous means of winning their money, and if deemed necessary may buy votes to that end. Another bad effect is that a favorite with the bookmakers is not necessarily the best man for the office to which he aspires, and yet the fact that he is favored in the betting tends to popularize him; the public takes the hint, picks him up as a winner and supports him, in obedience to the well known principle that no voter likes to throw away his vote.

## TAXES BRINGING 100 PER CENT

The question of what we are getting for our taxes is one that deeply concerns every citizen—not merely of Santa Ana or Orange county but of all cities and towns and counties and states and nations.

For instance, passing a fire station, especially in large cities, have you ever regretted the system which kept capable men idle so much of the time? How Cincinnati is utilizing these men on a much needed work of prevention is told by Mayor Hunt in a recent speech:

"Considerable time was devoted to the system of building inspection by firemen which was started on April 1 and has been extended slowly since until now there are practically 50 members of the department engaged in this work each week day. Since inspection work was started more than 6000 inspections have been made, and, with very few exceptions, there has been no trouble in securing betterment of conditions by owners or occupants of buildings."

"The world has come to recognize that preventive medicine, with all the inspection and supervision that it implies, is the way to assure the health not only of cities, but of nations as well. It is the same with the fire waste. The way to stop the enormous losses is to prevent fires."

"Too much emphasis cannot be laid on the necessity for good construction and good and careful occupancy. There is foundation for the belief that by a rigid enforcement of the building laws, old buildings, as well as new ones, will be made safe."

## THE HUNTERS.

—Johnson in Philadelphia North American.

ment would solve the problem of the individual building by eliminating the careless handling of gasoline and other explosives, the poisonous and dangerous parlor match, accumulations of rubbish, congested conditions of buildings and lack of easy exit. In a word, through the Building and Fire Departments we have the direct avenues of elimination, if we are to take the experience of foreign countries as our exemplars."

Are we getting all the benefits we should from our fire department, or police department, etc.?

This question is not asked in criticism, but in the way of constructive suggestion, especially pertinent at this period of charter making. We believe we have in Santa Ana exceptionally efficient fire and police departments, but under proper system and direction either or both departments, and other departments of city and county administration, much good might be accomplished. We are confident that any useful work any department might do without interfering with its own special work would be cheerfully undertaken by the men composing it.

## IMPORTANT AMENDMENT

There will be submitted to the people of the state at the November election one of the most important constitutional amendments on which they have ever been called upon to pass. We refer to Amendment No. 3, the object of which is to make irrigation district bonds acceptable security for loans by banks. We trust that the public will so understand it before election day that the vote of ratification will be practically unanimous.

This amendment is necessary to place irrigation paper on a par with other substantial and negotiable securities. It, therefore, should receive the support of every man and woman interested in the development of the great agricultural resources of California.

Strange it is that, in a state like California, legal impediments to the extension of irrigation yet remain. The bonds of irrigation districts, secured by liens on property that ever increases in value as the money from the sale of bonds is expended, are safe for the investment of the money of any man or institution. And yet, because of the narrowness of the law, banks have been made fearful of them, with the result that at times there has been almost no market for them.

The pending amendment will knock the last prop from under this discrimination. It will give irrigation securities the place to which they are entitled by their worth and by the part they play in bringing the vast reaches of California's fertile valleys under intensive cultivation.

The indications are that New York is going to enjoy the most complete cleaning up in its history. The people are back of the movement this time.

Gov. Wilson calls for economy in campaign funds. Perhaps Mr. Bryan's

check for \$1000 will be regarded as a pacemaker instead of a widow's mite.

Like some other statesmen, the prohibition nominee rejoices that there is no limit to the number of times a man may be a candidate.

Charges that come up in connection with the Rosenthal murder directly contradict the old "honor among thieves" theory.

It is reported that New Jersey mosquitoes are larger than usual this summer. But they have had special front porch grazing facilities.

It is rather interesting to find the city of New York appealing to Albany to lead it in the straight and narrow way.

A New York fugitive threw dollar bills over his shoulder, but the pursuing policemen did not stop. Perhaps the bills were too small.

Haiti's presidency is likely to give us exercise and trouble just when we are very busy with a more important presidency.

The worst feature of the vacation season are the jokes they print about it.

Woodrow Wilson was born in Virginia but he was incorporated in New Jersey.

Women are entitled to their little laugh when they see the men examining the styles in men's fall hats.

## PEBBLES

(The Independent.)  
A pessimist is one to whom "Swat the fly" sounds louder than "Play ball!"—Logan (W. Va.) Banner.

A lake of boiling mud has been discovered in Java. Still, Baltimore is to have the Democratic national convention.—Cleveland Leader.

An Allegory  
There once were two cats in Kilkeny. And each cat thought that there was one cat too many. And they scratched and they fit and they tore and they bit, 'Til instead of two cats—there weren't any.

"Oh, mother," sobbed the young wife, "I've discovered that John doesn't love me."  
"Why, my child, what has he done?"

"Well, you know, I cooked my first dinner for him today and he invited a friend to dine with him."  
"The sobs broke out afresh." "And, oh, mother, the man he invited was a doctor!"—Pathfinder.

The little maid gazed thoughtfully at her father. "Apa," she said, "do you know what I'm going to give you for your birthday?"

"No, dear," he answered. Tell me."  
"A nice new china shaving-mug, with gold flowers all around," said the little maid.

"But, my dear," explained her mother, "papa has a nice one, just like that, already."

"No, he hasn't," the little daughter answered, thoughtfully. "cos—cos—I've just dropped it!"—Newark Star.

## Say This Quickly

Betty Botter bought some butter.  
"But," she said, "this butter's bitter; If I put it in my batter, It will make my batter bitter. But if a bit of better butter Will make my batter better." So she bought a bit of better butter. And made her batter better. So 'twas better Betty Botter Bought a bit of better butter.  
—Tit-Bits.

"You ought to have seen Mr. Marshall when he called upon Jolly the other night," remarked Johnny to his sister's young man, who was taking tea with the family. "I tell you he looked fine sitting there alongside of her with his arm—"

Johnny gasped his sister, her face the color of a boiled lobster. "Well, so he did," persisted Johnny. "He had his arm—"

"John!" screamed his mother frantically.

"Why," whined the boy, "I was—"

"John," said his father sternly, "leave the room!"

And Johnny left, crying as he went: "I was only going to say that he had his army clothes on."—Ladies' Home

## Our Washington Letter

WASHINGTON, Sept. 4.—The battleship Pennsylvania, the one battleship authorized in the recent naval appropriation bill, will not only be the most heavily armored and armed battleship but the fleetest vessel of her class in the world.

According to plans already decided upon by the Navy Department, the specifications for the new terror of the seas will probably call for a maximum speed of perhaps 25 knots per hour, secured by an increase in length and draft over those dreadnaughts now building. This increase will give additional room for machinery, greater engine efficiency, and thus greater speed.

The new vessel will be 630 feet in length, 55 feet longer than the Oklahoma and Arizona, just now the largest ships, in process of building.

Although speed will be an essential in the new battleship, the navy department does not intend to sacrifice armor for speed. The Pennsylvania will be protected by plates of steel of the same thickness as that on the Oklahoma and Arizona, and in addition a 16 inch plate will extend over a larger portion of the hull and give greater protection under the water line.

The Pennsylvania will have a beam of 95 feet, 2 1/2 inches. The navy department does not think it wise to make this any bigger, in view of the fact that the Panama canal locks will only accommodate vessels of 110 feet beam.

Some idea of the size of the new dreadnaught may be gained by the fact that there are now only three drydocks in existence which would accommodate her—the navy docks at New York, Norfolk and Puget Sound. The Pearl Harbor dock, at Honolulu, now building, will easily hold the new fighter.

Brief Army Telegram  
Army officers are getting a good deal of amusement out of an interchange of telegrams, copies of which have been brought here by a newly detailed officer. They furnish a new chapter to that famous report: "Off again, on again, gone again, Finnergan."

It seems that a depot quartermaster wired a superior officer that a certain teamster, Brown, would quit tomorrow, and asking if he should hire a good man in his place. The reply was:

"Reference Brown wire; fire, hire."

What is a Geyser, and Why?  
Just what a geyser is, and why, and a few other interesting bits of information for these curiosities of nature, is given in a new publication of the Interior Department.

The intermittent spouting of geysers was a long riddle to scientific men. The theory, which bears the name of the illustrious chemist, Bunsen, is now generally accepted. This theory is based on the well known fact that the boiling point of water rises with the pressure.

In a long and narrow or an irregular tube, ebullition in the lower part is only possible at a much higher temperature than at the top, owing to the weight of the water column above it. If by continued heating the lower layer of water attains the temperature at which it can boil, steam is formed, whose expansive force

lifts the superincumbent column of water, causing a slight overflow at the top, which shortens the column, so that the steam is formed at a higher point and a further lifting and relief of pressure ensues, followed by an eruption.

Ancient Tree Passes  
Old age and decay have called for the passage of one of the stateliest, most dignified trees on the White House grounds. To the left of Pennsylvania avenue entrance to the White House and not far from the executive offices, has stood for the past 75 years a fine old silver-maple tree. As far as could be learned it had no distinguished pedigree like some of the trees on the grounds that have been planted by presidents, but has stood through many presidential administrations as a distinct ornament to the grounds of the President's mansion. Lately it became so feeble that the superintendent of the grounds feared it would fall over, and he ordered it cut down. Right next to it is a young oak tree which was planted by President McKinley, and also near by are some Japanese trees. All of these were in daily danger from the old maple, so it had to go. A younger tree may be planted in its place and President Taft may be invited, if he cares to do so, to preside at the planting.

GEN. STIMSON ASKS  
FOR \$1,600,000 FOR  
PRESIDIO NEEDS

SAN FRANCISCO, Sept. 4.—Secretary of War Stimson, who is here on an investigation tour, today announced that he has recommended Congress to appropriate \$1,600,000 to improve the Presidio Military Reservation here. This would install a suitable drill field and maintain a full brigade here all the time. He declared he knows nothing of the proposed military post in Southern California as outlined recently by Congressman Stephens. He will not visit Southern California on this trip.

# Doings In Social and Club Circles

## FOR HOUSE GUEST

### Mr. and Mrs. Ellis Smith Give Informal Function For Their Cousin, Mrs. Fiester

Mr. and Mrs. Ellis Smith of Tustin pleasantly entertained a few friends last evening in honor of Mrs. Lin Fiester of Portland, Oregon, who is a cousin of Mrs. Smith and who will be better remembered as Miss Mueller, daughter of Dr. Mueller of East Orange.

The invited guests consisted of "The Tustin Twelve" club and their doting husbands, with Messrs. and Mesdames Joe House, Frank Hoffman and F. H. McElree as outside guests.

Fragrant American Beauty roses were used as decoration throughout. And as informality proved to be the dominant spirit of the evening an exceedingly social time was enjoyed by all present, with music, fest, contests and a game of "Gobble Gobble."

The midnight hour approached before the guests had proven their efficiency in consuming the delectable refreshments served in the well appointed dining-room. Mrs. Smith was assisted in her duties of serving by Mesdames Skinner and Morehead.

Will Return to Arkansas  
Mrs. A. A. Lacy and her sister, Mrs. Frederick Schaurte, returned to Los Angeles today, after a week's stay in this city, where they both have many friends.

Mrs. Lacy plans to return in about a month to Ozark, Arkansas, where, for the past year, she and Mr. Lacy have made their home with their daughter, Mrs. Carter. Mrs. Schaurte also lives with her daughter, Mrs. James Breckenridge, and family, who recently moved from St. Louis, Mo., to Los Angeles to reside.

At Home After Year's Absence  
Mrs. Maud E. Bowes returned yesterday afternoon after almost a year's absence from Santa Ana. She is at her North Main street home.

Mrs. Bowes spent the winter with her daughter, Miss Florence, who is teaching in the Yerrington, Nevada High school. At the close of school the two went to Chicago for a brief visit, then on to Ohio where they spent the greater part of their time visiting relatives and old friends. Stops were made at Salt Lake City and Denver while en route to the middle west. On their return trip Mrs. and Miss Bowes visited in St. Paul, Aberdeen, South Dakota and Ellendale, North Dakota, stopping for some time at the latter city. The final lap of their trip took them to Portland, where they spent a week, then on to San Francisco, where they parted after a day's visit in the Bay City. Miss Florence went on to Yerrington where her school reopens today. Both were highly delighted with their summer of visiting, regretting only its brevity.

There is a slight delay in getting out our 1912-1913 announcement. The "Five Dollar Plan" circular is ready, however, and we shall be glad to send you one.  
504 1/2 North Main St. Main 214.

Cupid's Call Answered  
Yielding to the double call of California climate and a beckoning California Cupid, Miss May Gram made the long transcontinental trip from her home in Williamstown, Ky., to Los Angeles, says the Los Angeles tribune. Four hours after her arrival here yesterday she was married by the Rev. Russell F. Trapp, pastor of the First Christian church, to William D. Westover, a merchant of Santa Ana. For four years both Cupid and California have called to her and each year the call became stronger and harder to resist. Four years ago she came to this state and one of her first acquaintances was Mr. Westover. The couple will make their home in Santa Ana. Their honeymoon trip will be a two weeks' tour of the state she has adopted as her home.

Cabinet Meeting Tonight  
There will be a called meeting of the Santa Ana Y. M. C. A. cabinet, held in the parlor of the First Presbyterian church at 7:30 tonight. All members of the cabinet are urged to be present as plans will be formulated for the services in the opera house next Sunday evening, which will be held under the auspices of the Y. M. C. A.

Charming Afternoon Party  
Mrs. John W. McCormack of 108 Church street, very delightfully entertained yesterday afternoon with a needlework party. Pink and white asters were used to adorn her handsome parlors and dining room, the latter being especially pretty with additional table decorations.

Dainty needlework kept the fair fingers of the ladies busy as they chatted, and for those who did the most excellent work there were unexpected rewards. The charming hostess presented Mrs. J. G. Quick with a thimble of solid silver for the best made buttonhole, an emory cushion going to Mrs. T. W. Neely as second prize.

Delicious refreshments served on the handsome mahogany dining table where exquisite lace doilies contrasted prettily with the polished surface, concluded a happy event at which the following ladies were guests:  
Mesdames J. G. Quick, T. W. Neely, T. A. Winbiger, S. M. Davis, Chas. Mickle, C. W. Burns, W. W. Anderson, John Wehrly, John Van Wyk, F. W. Wiesseman, Chas. Heil.

A Three Days' Holiday  
Officers and employees of the Farmers & Merchants' National Bank have returned from a three days outing at Catalina Island, where they spent a glorious time, boating, golfing and fishing, as the guests of the bank. The party, which left Sunday and returned Tuesday, consisted of: Messrs. J. A. Turner, C. F. Mansur, Mr. and Mrs. H. T. Rutherford, Mr. and Mrs. Harry Hanson, Mr. and Mrs. E. P. Stanford, Misses Hazel Thomas and Mattie Whitson, and A. Brownridge.

THURSDAY LECTURE  
John A. Morris of Los Angeles will deliver the Thursday evening lecture for the Socialists, Thursday evening, Sept. 5 in K. of P. Hall, 306 1/2 East Fourth street, at 8 o'clock.

AUTO CLUB MEETING  
The regular meeting of the Santa Ana Auto Club will be held in the City Hall Wednesday evening.

CLYDE WALKER, Secy.

## AMERICAN WOMAN'S LEAGUE

### Local Chapter Holds Last of Twice-a-Month Meetings at Home of Mrs. C. H. Stanley

At the home of Mrs. C. H. Stanley, 1135 West First street, the Santa Ana Chapter of the American Woman's League yesterday afternoon held the last of a series of meetings which have been given at the homes of the various members during the summer.

The business of the league was first disposed of. A report from the Woman's Exchange showed it to be in a prosperous condition, despite the fact that a large number of pans belonging to the exchange have not been returned by the patrons.

A social hour ensued, music and conversation making the time pass pleasantly. Delicious refreshments were served by the hostess. The meetings hereafter will be held at the City Hall the first Tuesday in each month, beginning with October. The local chapter now has the right to receive members at a charge of \$1 per year.

Personsals

Mr. and Mrs. E. E. Spinney and daughter Edna of Los Angeles were over Sunday visitors with Mr. and Mrs. Jack King. Mr. and Mrs. King's children, Bernice and Leland, returned home with the Spinneys and will stay until school begins.

Rev. Chas. H. Secombe and family have returned from a delightful outing at Newport Beach, where they spent two weeks of his month's vacation.

Mr. and Mrs. John Taylor are enjoying a visit from Mrs. Taylor's sister, Mrs. M. L. Crist, of London, England, who arrived the early part of the week. Mrs. Crist will probably locate in Santa Ana.

Miss Lulu Finley and Miss Bernice McBride spent today in Los Angeles, where the latter will teach a kindergarten class in one of the city schools for the coming year.

Miss Jean McDougal, who has been the house guest of Miss Ray McKeen for several days, returned to her home at Monrovia this morning.

Dr. H. E. W. Barnes had business which took him to the Angel City for the day.

Mrs. E. S. Wallace and son, Bruce, left at noon today for Wichita, Kansas, where they will join Mr. Wallace, who has been in Kansas for several months. They will make their home at Wichita in the future.

Miss Olive Newcomer was a visitor in Los Angeles today.

Mr. and Mrs. H. S. Kittle and two children are spending a fortnight at Venice.

Miss Rose Wilson, who made many friends in Santa Ana during her stay here, will have charge of the school of expression for the Los Angeles Y. W. C. A., this year. A number of registrations have already been made since her appointment.

Mrs. Dewitt McDonald of San Francisco has been visiting for the past two weeks with her sister, Mrs. Joe Skinner, of the San Joaquin ranch. They returned today from a week's vacation at Ocean Park and Mrs. McDonald expects to return to San Francisco by Thursday.

Mrs. Cecil DuBois returned Monday from a month's vacation at Laguna, spent with her parents, Mr. and Mrs. E. S. Baker.

V. B. Beam, father of Mrs. T. D. Knight, arrived here yesterday and will spend a couple of months as the guest of the Knights. Mr. Beam's home is in California, Missouri.

What We Never Forget  
According to science, are the things associated with our early home life, such as Bucklen's Arnica Salve, that mother or grandmother used to cure our burns, boils, scalds, sores, skin eruptions, cuts, sprains or bruises. Forty years of cures prove its merit. Unrivaled for piles, corns or cold sores. Only 25 cents at all druggists.

WILSON CLUB MEETING  
The Wilson Club will hold its regular meeting this evening at its rooms in the Horve-Flinley block, Fourth and Bush. Important matters in regard to the opening of an active and aggressive campaign for Wilson and Marshall are to be taken up, and a large attendance is particularly desired.

The right kind of work at the Right Price.

## SAN JOAQUIN RANCHER PROVED GOOD HUNTER

C. H. Barrett, a San Joaquin rancher, killed a fine buck in Cold Springs Canyon, near the San Juan Hot Springs, on Sunday. The buck had two points on each antler, and was one of the finest killed this season.

## EXAMINATION SET FOR SEPTEMBER 12

Jesus Cruz, who fired four shots at a Mexican named Cerda at Yorba Linda, was in the justice's court today for arraignment on a charge of assault with a deadly weapon with intent to commit murder. His preliminary examination was set for September 12.

TO SPEAK AT TUSTIN  
Clarence Hewett of Oakland, who is on his way to Aurora College, will speak in the Tustin Advent Christian church Friday evening at 7:30 o'clock. He is a very interesting speaker. Come and hear him.

## PROGRESSIVE POSTERS DESTROYED BY TAFT MEN

Riverside Press: Tearing down Evans' placards, and covering up cards advocating Ellis and Anderson with those naming Chapman and Miliken are among the methods by which Taft Republicans have tried to gain the sympathy and support of Riverside county citizens in today's election. W. H. Ellis, who journeyed to Banning last night to address a meeting, found several posters which he tackled by the roadside a week ago had been treated in this manner.

It is interesting to note that in the town of Imperial Mr. Evans' cards were covered by those advertising Kirby within an hour after they had been posted. Local Taftites are evidently more than willing to take pattern from the methods of the Chicago convention.

## IOWA CONVENTION IS AWAITING ROOSEVELT

DES MOINES, Sept. 4.—The Iowa Progressive convention is thoroughly excited over the efforts of the friends of both Senators Kenyon and Cummins to prevent the naming of a state Progressive ticket. The question probably will not be settled until Colonel Roosevelt addresses the convention late this afternoon.

Roosevelt Talks on the Way  
KEOKUK, Iowa, Sept. 4.—En route today to Des Moines, Colonel Roosevelt made platform speeches at every station. He talked five minutes at Mt. Zion.

## NEVADA RAISES FINEST SHEEP IN UNITED STATES

RENO, Sept. 4.—According to the report of the sheep commission of Nevada, more than 1,500,000 sheep range over the hills and valleys of the state. The sheep are considered the finest in the United States, as less than 1 per cent of them are infected, a record unequalled in the world. The sheep of Nevada bring the highest prices, which are going up in keeping with the finest lot of sheep in the country.

## OCEAN PARK'S VAST LOSS BY FIRE

(Continued from page 1)

who is suffering the third wiping out of fortune by fire during his notable career, asserts his intention of rebuilding the pier as soon as possible. The insurance on the total property destroyed last night will be about one-fourth of the loss.

Best in World  
The salt water fire system of Venice easily demonstrated yesterday that it has no equal in the world. When the hose was attached to the salt water plugs the streams literally tore holes against the structures at which they were aimed.

Incubator Babies Saved  
Soon after the fire started it was seen that the Fraser pier was doomed and heroic efforts were made to save the lives of the fourteen little babies in the "Baby Incubator" on the pier.

Paul D. Hokse of Ocean Park, with the assistance of life guards, rushed into the incubator, wrapped the infants in blankets and metal caskets, loaded them into automobiles and rushed them to Saint Catherine's Hospital in Santa Monica. Not one of the infants seemed to suffer from the impromptu ride. Among the babies was a Japanese girl weighing only eleven ounces.

## MAN'S MIND HAD ODD TWIST—HE THOUGHT NIGHT WAS DAY

ROCHESTER, N. Y., Sept. 4.—Michael McLaughlin, 56 years old, died in the Hahnemann Hospital. His case puzzled the physicians of this city. He declared that night was day and that during the day it was dark. He was picked up by a policeman on the street, when he declared that he was on his way to work, under the belief that it was morning.

## TERRIFIC GALE ON SCOTCH COAST IS MOST DISASTROUS

LONDON, Sept. 4.—Ten are known dead and a hundred are feared as lost, several fishing vessels are beached and two driven to sea by a terrific gale sweeping Butt Lewis in Scotland last night. Life savers are searching the sea for drifting craft.

—Dr. C. H. Brooks has moved his office over the Reinhaus Department store, corner of Bush and Fourth St., opposite Opera House—Rooms 1-2-3.

For particulars regarding the cement foundation call on Clate Stannfield or B. W. Jones. The bids will be received till Saturday. Bids will be received at 10 a. m. The

## RESULTS OF THE LOCAL ELECTION

(Continued from page one)

In No. 5, W. B. Wainns will be the only delegate with a whole vote. He got 60 votes. F. C. Rowland, Mabel C. Rowland and Grace M. Grigsby, who are Progressives, and J. E. Liebig and H. D. Connell, regulars, tied with 50 votes each, and they will go to the convention with three-fifths of a vote each.

This precinct was not the only one where the contest was hot. No. 9 lacked but a vote or two either way to give a solid delegation. Steele Finley, chairman of the Orange County Roosevelt-Johnson League, got in with a whole vote, and W. B. Williams, regular, won out as a delegate, receiving 93 to 92 for Finley. Mrs. Jessie Burns got 92 votes, which gives her a full vote in the convention. Finley, Mrs. Burns and Williams are the only ones who got in with a full vote each. The remaining four votes of that precinct go one-half vote each to N. Travis, Miss Mary Talbot, A. K. Cravath and J. T. Lewis, Progressives, and Horace Fine, H. H. Hossler, G. J. Mosbaugh and D. N. Kelly, regulars. The precinct will thus cast a total of four votes Progressive to three regular.

In many of the precincts of the county the vote was very light. Big precincts like Westminster and Wintersburg cast only twenty-five or thirty votes each.

Figuring it Out  
This morning Steele Finley, chairman of the Roosevelt-Johnson League of the county, went to the county clerk's office and looked over the returns on the delegates. He and S. J. Jackson, president of the Santa Ana Roosevelt Club, feel certain that 115 of the delegates elected are Progressive. There are to be 202 in the convention. Some of the regulars cannot agree that there are 115 delegates Progressive, and in fact, some of the regulars declare the convention has more than an even chance of being regular. Finley and Jackson expect not less than 115 of the 202 votes.

But Few Voted  
There were but few votes cast by Socialists and Prohibitionists. These parties had no contests of any kind, and there was no special call why any of them should have voted except for the purpose of keeping up their party organizations.

The Democrats were a good deal in the same boat all over the county except in the third district, where there was a contest between Brunworth and Simpson for the nomination for supervisor. In that district the Democrats got out a fair vote. In Santa Ana a good many Democrats went to the polls for the purpose of writing Greenleaf's name on the ballot for the supervisory nomination.

## 37 FRENCH MINERS ENTOMBED IN MINE—23 WERE RESCUED

LENZ, France, Sept. 4.—Rescuers are working to save thirty-seven miners entombed in the Clarence coal mine near Bruay, Department of Nord. Fire damp caused the explosion. Three bodies have been recovered and twenty-three were rescued alive.

Dr. Mable Vance announces that her office in the Hervey Block will be open Sept. 5th, at which time she will be home from her vacation.

## OLD NEWPORT NEWS BUDGET

Delhi Team Defeated San Juan Capistrano by a Score of 9 to 4

OLD NEWPORT, Sept. 4.—Hats off to the boys of the Delhi team, who won so valiantly in the baseball game played against the team of San Juan Capistrano. It was a splendidly put up fight and some excellent work was done by the Delhi team, showing great ability, keen judgment and quick action. It is to be hoped that no team can win the laurels away from them in the future. The score stood 9 to 4 at the close of the game, in favor of Delhi.

The Woman's Home Mission Society Study class met with Mrs. A. T. Armstrong Wednesday afternoon. The topic for discussion was "The Church and Social Questions," and the different subjects were ably handled by those present. An appetizing lunch of peach ice, cakes and wafers was served later in the afternoon.

As the Townsends move to their new home in Clearwater on Tuesday, and as Miss Lulu was president of the Epworth League, and Cameron was treasurer, a very informal business meeting of the League followed the devotional service Sunday evening. Mr. Gene Grist was duly elected to fill the president's chair, and Mr. Wm. Armstrong was elected Treasurer.

Mr. and Mrs. Russell of Riverside, visited for several days at the home of Mr. and Mrs. H. O. Merritt. Friday they went to Riverside by auto. Miss Russell returned with the Merritts for a short visit over Sunday.

R. L. Tedford, Ray and Clare McClintock went to Capistrano to the barbecue last Sunday by auto.

The Segerstrom young ladies and Mrs. Chas. Segerstrom and son, of Sonoma, visited at the Armstrong home Tuesday afternoon.

Mr. and Mrs. W. R. McClintock and daughter, Mrs. Wagner and daughter Ruby motored to Los Angeles Saturday. Mrs. Wagner remained and Mr. and Mrs. McClintock returned Sunday evening.

Mrs. Walton is camping at Huntington Beach during the series of meetings held there. Various young people go down to stay over night, or for several days with her. The Misses Bessie and Anna McClain, Kate Lockett of Santa Ana being among the number. Mrs. Ellis and Mrs. Lockett went down Saturday and remained over Sunday. Mrs. Robert McClain also stayed over night. Sunday will be the last of the series at Huntington Beach, but the meetings will be continued for two weeks in Santa Ana in the Church of Christ on Walnut and Broadway. Preaching in the afternoon by Rev. Riggs of Los Angeles, and by Rev. Love in the evenings.

D. A. Bear spent several days last week in Burbank.

Mr. and Mrs. Chaney and family, of Holtville, Imperial county, who have been staying in Santa Ana for some few weeks, motored out on Wednesday to call on Mrs. A. T. Cole and daughter, Mrs. Kuffle.

Mr. and Mrs. Best and family returned by auto to their home in Holtville, by way of San Diego, where they spent several days. They left here on Monday last.

C. M. McClintock is in Iowa attending the Iowa State Fair. He will visit friends and neighbors off days long past, and will stop in various places on his way back.

Mrs. Zart of Downey, is visiting her sister, Mrs. A. T. Cole, this week. The Tom Harlin and Hawkins families visited at the Will Devenney home on Sunday.

Miss Christine Segerstrom and brother Anton accompanied their brother Charles as far as San Pedro, Friday, by auto. The auto was shipped to San Francisco, the family going by boat, on their return to Sonoma. From San Francisco they intend to motor the remainder of the trip, after several days stay in the city.

R. L. Tedford has just set up a new pump for irrigating and house purposes.

Doc Ellis, Lawrence Wakeham, Jeff Harlin and Lewis Walton took a trip up to Corona and brought back a bunch of colts with them, Sunday.

**LIGHT RAIN AT LONG BEACH**  
LONG BEACH, Sept. 4.—Rain fell in this city yesterday afternoon for the first time in several months. The unusual occurrence took place in the middle of the afternoon, when the sky became suddenly overcast and a sprinkle of rain wet the sidewalks and lawns. The shower lasted less than five minutes and was so light that it had no effect on the rain gauge, but cleared the atmosphere and freshened the appearance of the parks and grass.

**Uncle Ezra Says**  
"It don't take more'n a gill uv effort to git folks into a peck of trouble" and a little neglect of constipation, biliousness, indigestion or other liver derangement will do the same. If ailing, take Dr. King's New Life Pills for quick results. Easy, safe, sure, and only 25 cents at all druggists.

**NOTICE**  
—The undersigned former owners of the Santa Ana Lumber Company have sold the business and request that all who are indebted to them, will call and settle their accounts. Settlement can be made with Albert Graham at the lumber company's office, or at the residence of John Thee, 1014 Ross street. Telephone Red 1202.

JOHN THEE.

## WANTS \$2,000 FOR THE YEAR

Newport Drainage District  
Makes Request on Super-  
visors For Its Levy

Mac Robbins, secretary of the Newport Drainage District, has notified the Board of Supervisors that the directors of the district apply for a tax levy to provide \$2000 for the use of the district next year. There are two items included in the request, \$750 for interest on bonds and \$1250 for the expenses of the district.

**Marriage Licenses**  
George E. Kellogg, 24, and Anna K. Barrett, 25, both of Santa Ana; Michael L. Tophoy, 29, of Tucson, Ariz., and Daisy E. Richardson, 27, of Garden Grove; John Barchard, 28, of Hansen station, and Lydia Remland, 20, of Anaheim.

**Is in Session**  
The Board of Supervisors is in session today, and is busy on bills. Tomorrow a delegation from Orange will be on hand to ask for the improvement of the road from Orange to the County Park. Today there has been some informal discussion of the proposed county tax rate, but as yet no decision has been reached.

**RAILROAD OPEN FROM  
CORINTO TO MANAGUA—  
CONDITIONS ARE SAFER**

WASHINGTON, Sept. 4.—With advice from Admiral Southernland at Corinto, Nic., received early yesterday, that the railroad lines have been opened from Corinto to Managua, the State Department feels at least concern for the safety of American and other foreign residents of Nicaragua located in the interior.

Major Butler, says the dispatch, left Leon Monday with a force of marines and made his way to Managua. The railroad lines had been opened

previously to Leon from Corinto. American bluejackets are now running trains from Corinto to Managua, and keeping open the telegraph lines under the supervision of naval officers. Adequate forces are stationed at important points along the railroad line to prevent the tearing up of the tracks by rebels.

With the arrival of 750 additional marines at Corinto yesterday, there are about 1200 marines and bluejackets in Nicaragua. The fresh detachment will be rushed to Managua under command of Col. Pendleton, and will be used to clear up and operate the railroad from Managua to Granada. A small force will be sent to Megalapa in the interior, where it had been reported a number of Americans and foreigners are held in a state of virtual imprisonment by the rebels. The country between Managua and Megalapa is occupied by bands of rebels, through which the government forces have been unable to break.

Commander Washington of the gunboat at San Juan Del Sur, reports that affairs are quiet at that point, and he has no fear of an attack on the customs house by the rebels. The supply ships Prometheus and Glacier at Corinto, from San Francisco, will go to Amalapa, a day's run, where there is a cable station beyond the control of Nicaragua. Better cable communications with the State Department from Corinto can be established by this route than through San Juan Del Sur.

**ESTUDILLO INDIGNANT  
OVER CUT OF N. G. C. WAGES**

RIVERSIDE, Sept. 4.—Declaring that he will not see the wages of Company M, N. G. C., cut one penny, Captain Miguel Estudillo, State Senator from this district, expects to resign his command if the order for reduction is carried out.

It is said that the attendance at the campaign around San Francisco was larger than was expected and that the \$1 a day wage for privates may be cut, by prorating the state funds.

**STREET CAR MEN ISSUED  
REAL ULTIMATUM TODAY**

CHICAGO, Sept. 4.—When it seemed that a settlement was certain, a break came today in the negotiations between Mayor Harrison and the street car employees who are demanding a wage increase. The unionists walked from the conference, issuing an ultimatum giving the roads twenty-four hours to meet their demands or they would strike. The road officials said they would send their answer tomorrow.

**Poultry Notes**  
Look to the comfort of the fowls. Heat prostration is common in yards where there is no shade.

The hot, sultry August weather is trying to both fowls and men. Feed little, if any, corn or other heating foods while the temperature is high.

It takes a good poultryman to keep up his enthusiasm when the weather is hot.

Unless there is a chance for the cool air to enter, the trap nests should not be used this next month, as the hens are apt to suffer from the heat.

**Punctuation**  
"Father," asked eight-year-old Alice returning home from school, "are you good at punctuation?"  
"Yes," replied the father.  
"Well, tell me, please, how would you punctuate, 'The wind blew a five dollar bill around the corner?'"  
"Why, daughter, I would simply put a period at the end of the sentence."  
"I wouldn't," said Alice, mischievously, "I would make a dash after the five-dollar bill!"

## ORANGE COUNTY MEDICAL SOCIETY MAKES A MOVE IN THE RIGHT DIRECTION

Growing out of an editorial which appeared in the Register several months ago, the Orange County Medical Society last night unanimously adopted the following resolution:

Whereas, Orange County Medical Society, appreciating the importance of Social Disease Prophylaxis, and recognizing the value humanity has already derived from work done in this line by legislative bodies and the medical profession; be it

Resolved, That the president of this society appoint from its membership three physicians who shall constitute a committee on Sanitation and Moral Prophylaxis to co-operate with other medical societies and with civic and religious organizations, to the end that effective legislation may be enacted to supervise, control and regulate the granting of marriage licenses, making it impossible for any person afflicted with an infectious, contagious or hereditary disease, or for any confirmed criminal, chronic alcoholic, drug fiend, epileptic or other defective, be-

coming a party to a matrimonial contract;

Further, When a married person has served time in a state penitentiary, insane asylum, home for inebriates and drug fiends or other state penal or charitable institution, and a hereditary taint is found in the family history, that he or she submit to a voluntary or enforced sacrifice of procreative powers before resuming marital relations.

Further, That every application for a marriage license be accompanied by a health certificate from a reputable physician, stating that both candidates for matrimony are free from contagious diseases, are without organic weakness, are not in a special degree neurotic, and are equal to the average in moral character and intelligence.

The resolution was offered by Dr. J. F. Doyle, who was appointed chairman of the committee called for thereby, the other members of the committee being Dr. H. A. Johnston of Anaheim and Dr. A. H. Domann of Orange.

## ALLEGED ATTACKS ON WOMEN PROBED

Gov. Glasscock's Commission  
Will Search Charges of the  
Paint Creek Miners

CHARLESTON, W. Va., Sept. 4.—Governor Glasscock's special commission today began an examination of miners in the Paint Creek district who claim brutalities were committed by guards during the strike. Bloodcurdling stories of attacks on women and children were told.

The miners alleged that their women had been assaulted. When no relief was offered, they took affairs into their own hands. Several clashes with the guards followed, resulting in casualties. The present probe is the outgrowth of these.

**U. S. MUSIC PUBLISHERS WILL  
INVADE THE ENGLISH FIELD**

LONDON, Sept. 4.—American music publishers are about to begin a serious invasion of England. They have been very much discontented for a long time past over the treatment they have received in the English market and have now decided to combine and establish a clearing house in London to deal with the publications of all American houses. They will pool their expenses.

**SECTION OF HUENEME WHARF  
SWEEPED AWAY BY HEAVY STORM**

OXNARD, Sept. 4.—Seven hundred feet of the Huenehme wharf went out last night in a heavy storm on the coast. The big waves weakened the wharf in the center, and with the waves pounding it the piles have gone out in the middle. Small boats anchored near were washed out to sea. The waters are roughest at any time in several years.

**The Admiral and the Kitten**  
When Admiral Kwang Ching of the Chinese navy visited the Brooklyn yard recently it was said that none of the big guns nor the bigger battle-ships attracted his attention as much as a tiny blue-eyed Persian kitten. Cats are prized highly in China and so delighted was the admiral with this little white-haired midship that he later expressed the desire to obtain one as near like it as possible. Efforts in finding one were unavailing until the cruiser Hai Chi was about to depart, when a fluffy Persian kitten was presented to the admiral. He was much pleased and will carry the kitten back to his daughter at home as the best present a father can take to his little girl from across the sea.—Our Dumb Animals.

**WHAT  
TIME  
IS  
IT?**

This is a question you can answer if you carry one of our watches or have your watch repaired here. How is this? 17 Jewel American made watch for \$10.00. The new Equity watch for \$5.00 and up, and our guarantee as well as the factory's guarantee back of all.

325 W. 4th St. Phone, Main 1153.

## REBELS TRAPPED— BADLY DEFEATED

200 Out of 500 Dead; Matters  
Along Border Considered  
Critical by U. S.

EL PASO, Sept. 4.—Trapped in a narrow canyon while journeying to attack Minas Arcevas, Sonora, two hundred out of five hundred rebels were killed today by federal and townspeople, according to dispatches. The townspeople intercepted the rebels and held them at bay until the federal forces arrived. Railroad men found 187 dead, the bodies were burned.

**SITUATION ON MEXICAN  
BORDER REPORTED CRITICAL**  
WASHINGTON, Sept. 4.—General W. S. Schuyler, commanding in Texas, reported to the War Department yesterday that the situation along the Mexican border is critical. Americans at Cananea are said to be in danger from Mexican rebels and without sufficient arms and ammunition.

Two cowboys, Oscar Sims and Roy Adams, employed on the Verde ranch, owned by the Cananea Cattle Company, fifteen miles south of Naco, Sonora County, are missing, following a raid by rebels on the ranch and an attack on the cowboys.

About 500 Federal troops rushed across the border at El Paso and Presidio early yesterday morning to escape pursuit from General Orozco's forces.

**Ranches Being Raided**  
The raids on American owned ranches are being led by General Campa and are general throughout Northern Mexico. The rebels took seventy horses from the Cananea Cattle Company. Besides this, Campa's men are said to have taken horses and provisions from the ranches at Mababi, situated twenty miles west of Yabali, owned by J. T. Paxton.

The San Pedro ranch is also reported to have been raided, the property loss being estimated at some \$5000.

Telegraphic communication between Nogales and Cananea was interrupted Monday morning, Campa having burned ten bridges and cut all wires between those points. Apparently the Federal forces at Nogales made no attempt to follow Campa.

The State of Tabasco is said to be absolutely peaceful. Telephonic communication with El Tigre from Douglas has been restored.

**Rebels Capture Train**  
The rebels are reported to have captured a train on the afternoon of August 31, together with 5000 rounds of ammunition.

General Steever reports from El Paso yesterday morning the crossing of the border by 500 Federal troops pursued by the rebels under General Orozco. The Federal troops under General Sanchez were guarding Ojinaga. At the approach of the rebel forces they fled, crossing to Presidio, Texas, after throwing away their rifles.

## COL. ROOSEVELT TO GIVE TESTIMONY

Campaign Funds Committee  
Has Decided Matter—Are  
Probing Packers

WASHINGTON, Sept. 4.—Colonel Roosevelt will be called to testify as to John D. Archbold's testimony when the senatorial campaign contributions committee resumes its sessions in October, according to an announcement by Chairman Clapp today. He was unable to state when Colonel Roosevelt will appear. He said the committee has no wish to interfere with Colonel Roosevelt's campaign plans, and will wait the time to him, if possible.

Senator Clapp intimated that the committeemen were corresponding with Chicago packers to determine whether the beet trust figured in the campaign contributions. He expects Loeb and Cortelyou will be summoned early. He says it is not decided as to W. R. Hearst being called.

**Salt a Bathroom Cleanser**  
The bathtub and bowl, and also other pieces of enameled ware and crockery, may be satisfactorily cleaned with common salt used on a slightly dampened piece of flannel. This removes dirt and stains without scratching the surface.—Housekeeper.

**REINHHAUS DEPARTMENT STORE**  
202-204-206 East Fourth St.

## SENATOR BOURNE TO AID ROOSEVELT

Issues Statement—Likely to  
Take Stump For T. R.'s  
Candidacy

WASHINGTON, Sept. 4.—Senator Bourne of Oregon, issued a statement today, announcing that he will support Colonel Roosevelt for the presidency. He may take the stump for Roosevelt. The Senator has predicted that the day is almost here when Congress will have to meet all the year around.

"It looks to me," said Senator Bourne, "that the pressure of public business and the needs of the country will require that the national legislature sit almost continuously in Washington. This year Congress has been in session about nine months and I look for the same conditions to prevail next year and all succeeding years. The people demand that we give their interest earnest consideration."

**Timely Hints for Farmers**

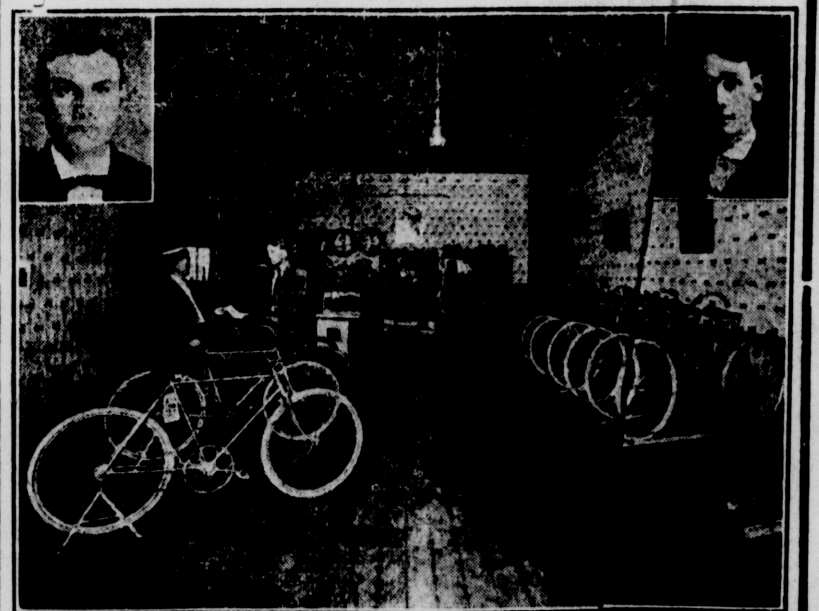

It is not unusual to hear a remark to the effect that the dairy bred cow is not sufficiently hardy to do the rutting for feed necessary on most farms. The idea prevails that the dairy cow must be an animal toughened to withstand the storms and adverse conditions with which we think she must contend in this country. We must not expect the dairy cow to be the hardy animal that the steer of the Texas trail is. The dairy animal must be healthy and must be vigorous. If she is not these she cannot be an economical and a large producer of milk. The modern dairy cow has become a milk producing machine. It is her business to convert large quantities of feed into milk. If she must spend her time and her energy in seeking feed in the hedges and by-ways we cannot expect that she will produce much milk. If we want hardiness to the extent that hardiness exists in the longhorn of Texas we must give up the hope of milk. If we want milk we can obtain it through the healthy, vigorous animal that the dairy cow is. Because a cow is a large producer of milk and has been bred along dairy lines for years is no indication that she is enaciated and a weakening.—Kansas Farmer.

**Inquisitive Dorothy**  
Little Dorothy was having her first experience of riding a sleeper. She was in a lower berth with her mother and she asked so many questions that she had to be told to keep quiet.  
"Just one more, mamma," coaxed the little miss.  
"Well, child, what is it?"  
"Who has the flat above us?"
